- A diagram illustrating a versioned dependency. At the top, two stylized brown rabbit-like characters are shown. The one on the left is labeled 'v1' in a black oval, and the one on the right is labeled 'v2' in a black oval. Below these two characters is a white rectangular box with a black border, containing the word 'supports' in black text. Brackets extend from the left and right sides of the 'supports' box towards the 'v1' and 'v2' labels respectively, indicating that the dependency supports both versions.
